

July 19th, 2017

Dear parents!

Thank you for your continued patience while we work through getting our center back up and running! The Attica School District is graciously letting us use the Prospect Elementary School building.

While we are waiting for approval from OCFS we wanted to let you know what procedures will be while we are in the Prospect Building.

- There will be signs on Prospect Street in front of the driveway where you will enter.
- Please use **Door 7** by the parking lot.
 - When you arrive please find the clipboard to update your phone number and email. This is how we will be communicating through this process!
- **The nurses office Room 103 will be the Infant/Toddler classroom.**
- **The Kindergarten classroom Room 104 will be the Preschool/School age classroom.**

- Each day every child needs to bring:
 - bagged lunch
 - extra change of clothes (labeled)
 - blankets- **INFANTS ONLY**
 - All Infants and Toddlers Need Diapers
- **We will provide milk, water and snack.

All of the children items in their cubbies were washed and labeled. They will be at Prospect school for the children to use.

Again, thank you for your continued support during this process!

Jeannine Morlacci (Ms. Jean)

Prospect Elementary School
