

This letter is in regards to Ms Jeannine's Day Care Center. I have had both my children, ages 6 and 3 attend Ms Jeannine's thru different stages of their childhood. They would always enjoy going there because not only was it fun for them, but they were always learning and doing new projects. They never felt like they were neglected in any way. It was always fun to pick them up and see their excitement and to proudly show off all their works of art, or to tell us what they learned new that day.

The Day Care was always clean and just a fun place to walk into with all the excitement of the children. This was great source of comfort to me knowing that my children were being taken care of as if they were home.

I whole heartily recommend Ms. Jeannine's to all parents who are in need of such services. Even though, I am not working currently, my child still attends Ms. Jeannine's a couple of days per week. It gives him a social aspect with other children and also gives me a few hours during the week for myself. Ms. Jeannine's has made motherhood a whole lot easier and it is with a high comfort level that I leave my children there, knowing that they will be taken care of as if they were home.

Lisa and Steve DePaolis
